**Source.** Open the source witness. Historical source wording is public domain in the United States on its identified pre-1931 publication basis; status elsewhere may differ. Source wording is excluded from Triptych's project license. Exact edition and rights evidence remain in the controlling source record. AAS 22 (1930). Exact mechanical UTF-8 pdftotext -layout ranges. Original OCR spelling, spacing, internal source notes, signatures and dating clauses retained. No facsimile collation; printed page labels left unknown rather than inferred from PDF page ordinals. Boundaries and every interior excluded gap received independent review; exact source rows were restored where an earlier header classifier had omitted semantic text. This exact act is retained from the separately bounded earlier 1930 fascicle subset; later issue 13 / Casti, issue 14 and 1931 index / colophon are excluded. A further explicit selector excludes only positively identified publisher furniture at physical LF 6430. Historical body wording, citations, notes, opening genre and any unresolved OCR glyphs remain literal. No word, spelling, hyphen or numeral is repaired. Revision: 2026-10-26T18:40:21Z.
