

Ecclesiastical Latin

EL-REVIEW-II: Core Grammar Cumulative Review

Fresh forms C-A and C-B after packet M12

A detachable cumulative self-review with fresh forms, connected reading, composition, and complete answers. Use it honestly, at your own pace, to locate strengths and recurring uncertainty.

Corpus Ordinary project Latin; classical, biblical, patristic, ecclesiastical, and poetic sources; 1962 *Missale Romanum* as the principal destination

Method Print, annotate, parse, copy, transform, translate, and compose by hand

Pacing Use when fresh cumulative work would clarify what is dependable and what deserves another return

Document Cumulative self-review and answer companion

Triptych: AI Driven Studies in Catholic Faith, Worship, and Law

Part I

Using This Review

CHAPTER 1

Purpose and method

Begin C-A under its printed aid rules and show the governor, internal signal, morphology, and discourse force behind every clause decision. After checking, distinguish an isolated slip you can repair from a recurring uncertainty in sequence, non-finite syntax, clause relation, or composition. Revisit the exact source family involved and use C-B later on a fresh return.

CHAPTER 2

Common self-review method

Each companion offers parallel forms so that a later return can use fresh material rather than memory of an answer. Begin a form without its solutions. Use only the aids printed in the form, mark every aid actually consulted, and leave the first decisions visible when correcting in another color. A later form is most useful after other Latin has intervened.

The Missal-reading review includes two identified formularies and a fixed fresh pair. All four are printed in the companion with stable source IDs. The first pair demonstrates the method across a complete Mass; the fresh pair provides transfer work without source hunting. Work may be spread across as many sittings as sustained attention needs.

For a closed item, compare the answer by its deciding evidence: form, agreement, government, clause relation, reference, or textual locus. For an open composition, the printed answer is one model. Compare morphology, government, intended sense, cohesion, register, and whether important choices can be defended from the course grammar or an identified Latin model. Do not change defensible Latin merely because the model uses different words.

A definition has become useful when its deciding feature can be stated, distinguished from a nearby construction, recognized in fresh Latin, and used accurately where appropriate. A familiar label without those abilities is a reason to return to the definition-and-contrast sheet.

Reading the result qualitatively

After checking, sort substantive uncertainty into these families:

Area	Evidence of dependable control	A useful next return
Forms and vocabulary	Forms and lexicon facts are recalled in fresh contexts, and an error can be found and repaired by rule	Repeat the exact paradigm or vocabulary round, then meet it in a new sentence
Agreement and government	Case, agreement, and complements are justified from Latin evidence rather than English order	Rebuild the dependency groups and complete a transformation sheet
Clauses and connected reading	The verbal spine, dependencies, and material ambiguities remain visible in a direct reading	Map a fresh passage before translation and compare it with the model only afterward
Vocabulary in context	The chosen sense, construction, family, and collocation fit the sentence rather than merely matching a first gloss	Use the vocabulary-family sheet and revisit the word in several source contexts
Composition	A short passage preserves its propositions, grammatical relations, idiom, and declared register through revision	Return to the sentence frame or imitation model, then rewrite on a different subject
Source and style	Claims about wording, allusion, rhetoric, or poetry rest on exact forms and identified witnesses	Reopen the supplied source comparison and narrow any claim that outruns its evidence

Recurring uncertainty identifies the next useful work; it does not erase what is already secure. Record the explanation, memory set, reading, or composition sheet revisited, then use different Latin for the later return.

Part II

Review Forms

CHAPTER 1

Core Grammar Cumulative Review

C-A. Core grammar, first review

Review form ID: C-A

Focus: Non-finite forms, clauses, reconstruction, and composition after M12

Use: Begin with the answers closed. Every word needed for the work is printed here and belongs to the cumulative vocabulary of M01–M12. If a word is not recalled, mark it and continue without fetching an outside aid; use the printed answer only when checking the complete first attempt.

1. *Item ID: C-A.1*

Define **finite verb**, **non-finite verb**, **main clause**, and **subordinate clause**; give the diagnostic feature of each.

2. *Item ID: C-A.2*

Copy and clause-map: *Excita, quæsumus, Domine, potentiam tuam, et veni: ut ab imminentibus peccatorum nostrorum periculis, te mereamur protegente eripi, te liberante salvari.*

3. *Item ID: C-A.3*

Parse *imminentibus peccatorum nostrorum periculis*.

4. *Item ID: C-A.4*

Classify *ut...mereamur* and justify its negative form if negated.

5. *Item ID: C-A.5*

Explain relative time and voice in *protegente, eripi, liberante, salvare*.

6. *Item ID: C-A.6*

Rewrite *te protegente eripi* as an explicit causal clause plus finite passive.

7. *Item ID: C-A.7*

Parse and diagram: *Nox præcessit, dies autem appropinquavit. Abiciamus ergo opera tenebrarum, et induamur arma lucis.*

8. *Item ID: C-A.8*

Explain the force of both first-person plural subjunctives.

9. *Item ID: C-A.9*

Parse *qui te expectant*; give antecedent and pronoun rule.

10. *Item ID: C-A.10*

Compose "There is no one who waits for you" with a relative clause of characteristic.

11. *Item ID: C-A.11*

Give present, imperfect, perfect, and pluperfect subjunctive 1 plural active of *audio*.

12. *Item ID: C-A.12*

Give the six infinitives of *laudo*.

13. *Item ID: C-A.13*

Distinguish purpose and result after *ut* using internal/contextual signals.

14. *Item ID: C-A.14*

Classify: *cum hæc vidisset, discessit*.

15. *Item ID: C-A.15*

Classify: *si hoc facias, bene sit*.

16. *Item ID: C-A.16*

Express obligation: "These gifts must be offered by us."

17. *Item ID: C-A.17*

Express purpose with gerundive: "to sanctify souls."

18. *Item ID: C-A.18*

Compose a six-part prayer from this plan: address God; recall that he called us; ask that our hearts be purified; purpose: love him; concession: although we are weak; means: by his grace.

19. *Item ID: C-A.19*

Annotate the composition: clause type and governing form for each subordinate clause.

C-B. Core grammar, later review

Review form ID: C-B

Focus: A fresh return to the abilities reviewed in C-A

Use: Use the same closed-answer, no-outside-aid method as C-A after other Latin has intervened.

1. *Item ID: C-B.1*

Define and distinguish a **purpose clause**, a **result clause**, an **indirect command**, and a **substantive clause**; state one diagnostic for each.

2. *Item ID: C-B.2*

Copy and clause-map: *Deus, qui hodierna die corda fidelium Sancti Spiritus illustratione docuisti: da nobis in eodem Spiritu recta sapere; et de eius semper consolatione gaudere.*

3. *Item ID: C-B.3*

Parse *corda fidelium Sancti Spiritus illustratione*.

4. *Item ID: C-B.4*

Explain *recta sapere*.

5. *Item ID: C-B.5*

Explain *de eius...consolatione gaudere*.

6. *Item ID: C-B.6*

Rewrite the two infinitives as petition clauses with *ut*.

7. *Item ID: C-B.7*

State what changes stylistically in that rewrite.

8. *Item ID: C-B.8*

Parse: *Petite, et dabitur vobis: quærite, et invenietis: pulsate, et aperietur vobis.*

9. *Item ID: C-B.9*

Convert one pair to an open future condition.

10. *Item ID: C-B.10*

Parse *quos operis tui vicarios eidem contulisti præesse pastores.*

11. *Item ID: C-B.11*

Why does *præesse* require special attention?

12. *Item ID: C-B.12*

Give the three participles and the gerundive of *rego*.

13. *Item ID: C-B.13*

Parse and distinguish *amandus est* and *amaturus est*.

14. *Item ID: C-B.14*

Classify *ne nos inducas in tentationem*.

15. *Item ID: C-B.15*

Classify *timeo ne veniat*.

16. *Item ID: C-B.16*

Classify *tam magna erat lux ut omnes viderent*.

17. *Item ID: C-B.17*

Write a contrary-to-fact present condition: “If we were faithful, we would rejoice.”

18. *Item ID: C-B.18*

Compose a six-part exercise from this plan: God gave light; we ask for wisdom; so that we may know truth; and follow it; when difficulties arise; without abandoning hope.

19. *Item ID: C-B.19*

Write a later error analysis after checking.

Part III

Answers and Models

Use this part after a fresh attempt. Compare deciding evidence, not merely wording, and use *EL-GUIDE*'s alternative-answer method for Latin that admits more than one defensible form or interpretation.

CHAPTER 1

Core Grammar Cumulative Review

C-A. Core grammar, first review

Review form ID: C-A

Focus: Non-finite forms, clauses, reconstruction, and composition after M12

Use: Begin with the answers closed. Every word needed for the work is printed here and belongs to the cumulative vocabulary of M01–M12. If a word is not recalled, mark it and continue without fetching an outside aid; use the printed answer only when checking the complete first attempt.

1. *Item ID: C-A.1*

Define **finite verb**, **non-finite verb**, **main clause**, and **subordinate clause**; give the diagnostic feature of each.

Answer / model: A finite verb is marked for person and number and can anchor a clause. A non-finite verbal form—infinitive, participle, gerund, gerundive, or supine—does not by itself assert a person-number subject. A main clause can stand as the sentence's independent assertion, question, or command. A subordinate clause depends syntactically on another element and is marked by a subordinator, relative form, or dependent construction.

2. *Item ID: C-A.2*

Copy and clause-map: *Excita, quæsumus, Domine, potentiam tuam, et veni: ut ab imminentibus peccatorum nostrorum periculis, te mereamur protegente eripi, te liberante salvari.*

Answer / model: Main coordinated imperatives *excita...et veni*; parenthetical *quæsumus*; purpose *ut...mereamur*; complementary passive infinitives *eripi, salvari* dependent on *mereamur*; ablative absolutes *te protegente, te liberante*.

3. *Item ID: C-A.3*

Parse *imminentibus peccatorum nostrorum periculis*.

Answer / model: *periculis* abl. pl. n. after *ab*; *imminentibus* pres. act. ptcp. abl. pl. n. agreeing; *peccatorum nostrorum* gen. pl. n., noun + possessive agreeing, dependent on *periculis*.

4. *Item ID: C-A.4*

Classify *ut...mereamur* and justify its negative form if negated.

Answer / model: Purpose clause following imperatives/petition, present subjunctive 1 pl.; negative purpose would use *ne*.

5. *Item ID: C-A.5*

Explain relative time and voice in *protegente, eripi, liberante, salvari*.

Answer / model: Present active participles simultaneous with the meriting/being rescued; present passive infinitives simultaneous/relatively contemporaneous outcomes, with supplied subject *nos*; both participles have *te* as ablative subject.

6. *Item ID: C-A.6*
 Rewrite *te protegente eripi* as an explicit causal clause plus finite passive.
Answer / model: Model: *quia tu nos protegis, eripiamur* in a jussive/purpose context, or *quia tu nos protegis, eripimur* as assertion. The logical/mood change must be stated.
7. *Item ID: C-A.7*
 Parse and diagram: *Nox præcessit, dies autem appropinquavit. Abiciamus ergo opera tenebrarum, et induamur arma lucis.*
Answer / model: Perfect indicatives *præcessit, appropinquavit*; postpositive *autem*; hortatory present subjunctives *abiciamus, induamur* (active then passive/deponent-looking but *induo* passive “be clothed/put on for oneself” in context); *opera, arma* acc. pl. n.; *tenebrarum, lucis* genitives.
8. *Item ID: C-A.8*
 Explain the force of both first-person plural subjunctives.
Answer / model: Hortatory: “let us cast off...and let us put on/be clothed with...”; coordinated exhortations.
9. *Item ID: C-A.9*
 Parse *qui te expectant*; give antecedent and pronoun rule.
Answer / model: *qui* nom. pl. m. subject; in the complete Introit its printed antecedent is *universi*, although this excerpt omits it; gender/number from the antecedent, nominative from the pronoun’s function; *te* acc. object; *expectant* 3 pl. pres. act. ind.
10. *Item ID: C-A.10*
 Compose “There is no one who waits for you” with a relative clause of characteristic.
Answer / model: Model: *nemo est qui te expectet*; subjunctive *expectet* characterizes the non-existent type.
11. *Item ID: C-A.11*
 Give present, imperfect, perfect, and pluperfect subjunctive 1 plural active of *audio*.
Answer / model: *audiamus, audiremus, audiverimus, audivissemus.*
12. *Item ID: C-A.12*
 Give the six infinitives of *laudo*.
Answer / model: *laudare, laudari, laudavisse, laudatus esse* (adjust agreement), *laudaturus esse, laudatum iri.*
13. *Item ID: C-A.13*
 Distinguish purpose and result after *ut* using internal/contextual signals.
Answer / model: Purpose expresses intended aim, negated *ne*; result expresses consequence, often signaled by *tam/ita/sic/tantus*, negated *ut non*. Governing context and sense decide.
14. *Item ID: C-A.14*
 Classify: *cum hæc vidisset, discessit.*
Answer / model: Historic/circumstantial *cum* with pluperfect subjunctive, prior circumstance: when/after he had seen these things, he departed.
15. *Item ID: C-A.15*
 Classify: *si hoc facias, bene sit.*
Answer / model: Ideal/present less-vivid condition with present subjunctives: if you should do this, it would be well; context may refine independent subjunctive force in apodosis.
16. *Item ID: C-A.16*
 Express obligation: “These gifts must be offered by us.”
Answer / model: *Hæc dona nobis offerenda sunt*; gerundive agrees neuter plural, *nobis* dative of agent.

17. *Item ID: C-A.17*

Express purpose with gerundive: “to sanctify souls.”

Answer / model: *ad animas sanctificandas*; acc. pl. gerundive agrees with object.

18. *Item ID: C-A.18*

Compose a six-part prayer from this plan: address God; recall that he called us; ask that our hearts be purified; purpose: love him; concession: although we are weak; means: by his grace.

Answer / model: Model exercise: *Deus, qui nos vocavisti, præsta, quæsumus, ut corda nostra gratia tua purificentur, ut te diligamus, quamvis infirmi simus*. Better style may avoid consecutive *ut*; inspect clause relations, sequence, agreement, and the expression of means.

19. *Item ID: C-A.19*

Annotate the composition: clause type and governing form for each subordinate clause.

Answer / model: Relative *qui...vocavisti*; substantive petition/content clause *ut...purificentur* after *præsta*; purpose *ut...diligamus*; concessive *quamvis...simus*; *gratia tua* ablative means.

C-B. Core grammar, later review

Review form ID: C-B

Focus: A fresh return to the abilities reviewed in C-A

Use: Use the same closed-answer, no-outside-aid method as C-A after other Latin has intervened.

1. *Item ID: C-B.1*

Define and distinguish a **purpose clause**, a **result clause**, an **indirect command**, and a **substantive clause**; state one diagnostic for each.

Answer / model: Purpose gives an intended aim and is normally negated by *ne*; result gives an actual or represented consequence and is negated by *ut non*; an indirect command reports or contains a command after a verb of ordering, asking, urging, or advising; a substantive clause is the broader category for a whole clause occupying a noun slot such as subject, object, or complement. Government and context, not *ut* alone, decide.

2. *Item ID: C-B.2*

Copy and clause-map: *Deus, qui hodierna die corda fidelium Sancti Spiritus illustratione docuisti: da nobis in eodem Spiritu recta sapere; et de eius semper consolatione gaudere.*

Answer / model: Vocative *Deus*; relative ground *qui...docuisti*; main imperative *da*; coordinated complementary/content infinitives *sapere, gaudere*.

3. *Item ID: C-B.3*

Parse *corda fidelium Sancti Spiritus illustratione*.

Answer / model: *corda* acc. pl. n. object; *fidelium* gen. pl. substantive dependent on *corda*; *illustratione* abl. sg. means; *Sancti Spiritus* gen. sg. dependent on *illustratione*, adjective agreeing with fourth-declension noun.

4. *Item ID: C-B.4*

Explain *recta sapere*.

Answer / model: *recta* acc. pl. n. adjective used substantively, object/content of *sapere*: to discern/understand right things; *sapere* present active infinitive dependent on *da*.

5. *Item ID: C-B.5*

Explain *de eius...consolatione gaudere*.

Answer / model: *gaudere* coordinated infinitive; *de + abl. consolatione* marks source/object concerning which joy occurs; *eius* gen. sg. refers to Spirit.

6. *Item ID: C-B.6*

Rewrite the two infinitives as petition clauses with *ut*.

Answer / model: Model: *da nobis ut in eodem Spiritu recta sapiamus et de eius semper consolatione gaudeamus*.

7. *Item ID: C-B.7*

State what changes stylistically in that rewrite.

Answer / model: The compact coordinated infinitives become an explicit substantive petition clause; person becomes expressed in finite subjunctives and the balanced infinitival frame changes.

8. *Item ID: C-B.8*

Parse: *Petite, et dabitur vobis: quærite, et invenietis: pulsate, et aperietur vobis.*

Answer / model: Plural active imperatives; futures *dabitur/aperietur* passive 3 sg. with supplied thing/door, *invenietis* active 2 pl.; *vobis* dative; coordination conveys promised result.

9. *Item ID: C-B.9*
Convert one pair to an open future condition.
Answer / model: Model: *Si quæretis, invenietis*; future indicatives.
10. *Item ID: C-B.10*
Parse *quos operis tui vicarios eidem contulisti præesse pastores*.
Answer / model: In its preface context, *quos*, whose antecedent is *iisdem rectoribus*, is the accusative object of *contulisti* and logical subject of *præesse*; *operis tui* depends on *vicarios*; *eidem* refers to *gregem* and is the dative governed by *præesse*; *vicarios/pastores* are appositional or predicative accusatives agreeing with *quos*.
11. *Item ID: C-B.11*
Why does *præesse* require special attention?
Answer / model: Compound *præsum* governs dative; its infinitive can participate in accusative-infinitive/complement structures, so nearby accusatives are not ordinary direct objects of *præesse*.
12. *Item ID: C-B.12*
Give the three participles and the gerundive of *rego*.
Answer / model: Participles *regens, rectus, recturus*; gerundive *regendus*, all with required gender/case endings.
13. *Item ID: C-B.13*
Parse and distinguish *amandus est* and *amaturus est*.
Answer / model: *amandus est*: passive periphrastic, must/ought to be loved; *amaturus est*: future active participle + *sum*, is about/intends to love.
14. *Item ID: C-B.14*
Classify *ne nos inducas in tentationem*.
Answer / model: Negative jussive/petition with present subjunctive 2 sg.; *nos* object, *in* + acc. motion/resulting state.
15. *Item ID: C-B.15*
Classify *timeo ne veniat*.
Answer / model: Fear clause: I fear that he may come; *ne* introduces feared positive event.
16. *Item ID: C-B.16*
Classify *tam magna erat lux ut omnes viderent*.
Answer / model: Result: correlative *tam magna*; imperfect subjunctive in historic context; *ut* not negated here.
17. *Item ID: C-B.17*
Write a contrary-to-fact present condition: “If we were faithful, we would rejoice.”
Answer / model: *Si fideles essemus, gauderemus*.
18. *Item ID: C-B.18*
Compose a six-part exercise from this plan: God gave light; we ask for wisdom; so that we may know truth; and follow it; when difficulties arise; without abandoning hope.
Answer / model: Model: *Deus, qui lucem dedisti, da nobis sapientiam, ut veritatem cognoscamus eamque sequamur, cum difficultates oriantur, spe non relictâ*. Inspect clause control; *spe non relictâ* is an ablative absolute.
19. *Item ID: C-B.19*
Write a later error analysis after checking.
Answer / model: Name the recurring family, its deciding rule, the exact teaching or memory source worth revisiting, and a different passage for a later return.

Part IV

Scope and Sources

CHAPTER 1

Scope and Qualifications

1.1 Companion role

This publication is EL-REVIEW-II, *Core Grammar Cumulative Review*, in Triptych's print-first, self-paced Ecclesiastical Latin curriculum. It contains two parallel Core Grammar review forms and their complete answers. It does not repeat the six packets' teaching or memory sheets.

It supports the twenty-two-packet common trunk and, where relevant, the eight-packet advanced poetry branch. It does not replace their substantive teaching, memory work, readers, composition, cumulative practice, or answers. Use C-A when M07–M12 feel reasonably secure; return to C-B later with other Latin in between.

Every ordinary task in this companion is completable from material printed in the course set. A method exercise may explain how later independent research uses a full lexicon, source book, or page image, but no unavailable person or outside book controls the answer to the supplied work.

1.2 Corpus, review, and rights

The principal reading destination is the 1962 typical edition of the *Missale Romanum*; ordinary project Latin, classical prose and poetry, the identified Clementine Vulgate, patristic prose, hymnody, scholastic Latin, and other exact recorded texts form the broader learning corpus. This is a language-study aid, not an official liturgical book, pronunciation or ceremonial course, critical edition, or authority for a liturgical, theological, historical, textual, or canonical judgment.

Course-wide research records own edition, passage, lexicon, answer, curriculum, and source decisions; this leaf's companion map records its local selection and role. No independent Latinist, liturgist, pedagogue, theologian, textual scholar, or ecclesiastical reviewer is claimed. Received text, donor provenance, collation, and redistribution limits remain exactly as recorded. Redesigned PDFs require their own complete build, review, install, and exact-byte authorization; the status of earlier installed snapshots does not transfer to changed files.

CHAPTER 2

References

These references identify and verify the received Latin printed in the course. Every passage, gloss, comparison text, and model needed for the work is already supplied in the packet or its course companions; consulting the source editions is not part of ordinary packet completion. Project explanation, translation, reconstruction, exercises, comparison sets, and compositions are distinguished from received wording by the P/R convention in the scope record.

2.1 Missal and biblical corpus

- Catholic Church, *Missale Romanum ex decreto SS. Concilii Tridentini restitutum, Summorum Pontificum cura recognitum*, editio typica (Rome: Typis Polyglottis Vaticanis, 1962). Page images control doubtful wording over OCR or a searchable presentation.
- The four complete course dossiers are listed separately so each stable ID remains legible:
 - MR62-FORM-ADV1: First Sunday of Advent, printed pp. 1–2;
 - MR62-FORM-PENT: Pentecost, pp. 356–358;
 - MR62-FORM-XII-PENT: Twelfth Sunday after Pentecost, pp. 392–393;
 - MR62-FORM-XXIII-PENT: Twenty-third Sunday after Pentecost, pp. 416–417.
 The identified page images were visually checked.
- *Biblia Sacra Vulgatae Editionis, Sixti V et Clementis VIII*, Michael Hetzenauer, ed. (1914), is the controlling biblical comparison witness where a passage record names it. A Missal reading remains a Missal reading even when it quotes or adapts Scripture.

2.2 Verified connected prose

- CAES-DUPONTET1900: Renatus Du Pontet, ed., *C. Iuli Caesaris Commentariorum pars prior* (Oxford: Clarendon, 1900), *Bellum Gallicum* 1.1.1.
- CIC-FALCONER1923: W. A. Falconer, ed., *De senectute, De amicitia, De divinatione* (Cambridge, MA: Harvard University Press, 1923), *Laelius* 6.20. The course reproduces no facing edition translation.
- HIER-CSEL54: Isidor Hilberg, ed., *S. Eusebii Hieronymi Epistulae*, CSEL 54 (Vienna and Leipzig: Tempsky and Freytag, 1910), *Epistula* 22.30.4.
- AUG-CSEL33: Pius Knöll, ed., *S. Aureli Augustini Confessionum libri XIII*, CSEL 33 (Vienna: Tempsky, 1896), *Confessiones* 1.1.1 and 10.27.38.
- AMB-KRAB1857: Johann Georg Krabinger, ed., *De officiis ministrorum libri III* (Tübingen: H. Laupp, 1857), 1.11.38.
- THOM-LEON4: *Sancti Thomae Aquinatis Opera omnia iussu impensaque Leonis XIII*, vol. 4 (Rome: Typographia Polyglotta, 1888), *Summa theologiae* I, q. 1, a. 1, corpus opening.

2.3 Verified poetry

- PHAED-POST1919: J. P. Postgate, ed., *Phaedri Fabulae Aesopiae* (Oxford: Clarendon, 1919), 1.1.1–6.
- VERG-HEND1891: John Henderson, ed., *Aeneid, Book I* (Toronto: Copp, Clark, 1891), 1.1–4.
- OVID-OWEN1885: S. G. Owen, ed., *P. Ovidi Nasonis Tristium libri V* (Oxford: Clarendon, 1885), 1.1.1–2.
- HOR-WICKGAR1912: E. C. Wickham and H. W. Garrod, eds., *Q. Horati Flacci opera* (Oxford: Clarendon, 1912), *Carmina* 1.11.
- MR62-FORM-PENT: the complete Pentecost Sequence in the 1962 Missal, printed p. 357.

The consulted print editions are public domain in the United States as recorded in the edition manifest. Their scans are verification witnesses and are not reproduced. All English renderings in the course are new project translations. Candidate passages by other authors remain outside the received course corpus until an exact edition and page have been checked.

2.4 Grammar and Reading Lexicon

The course's Reference Grammar and complete controlled Reading Lexicon are the immediate aids for packet work. The inherited comparison bibliography includes J. H. Allen and J. B. Greenough, *New Latin Grammar* (1903); Charles E. Bennett, *New Latin Grammar*, 1918 revision; Charlton T. Lewis and Charles

Short, *A Latin Dictionary* (1879); and Du Cange et al., *Glossarium mediae et infimae latinitatis*, L. Favre ed. (1883–1887).

Those works describe different strata and do not form one undifferentiated authority. A classical rule does not by itself establish a biblical, patristic, medieval, or stable liturgical development. Most inherited rule explanations lack a recorded locus-by-locus chain to those works, so the course does not claim that every rule or project gloss has received an independent external lexical audit.

2.5 Citation and normalization

Missal passages are cited by stable source ID, liturgical locus, genre, and printed pages; biblical passages by book, chapter, and verse; historical authors by work and section. Declared changes of *j/i*, *u/v*, ligature, capitalization, punctuation, accent, or line display are recorded apart from substantive variants. A prose-order reconstruction, scansion display, or composition remains P analysis even when every word derives from a received passage. The edition manifest, source ladder, poetry map, and passage inventory give the exact page-image locators and remaining evidence limits.
