Iucundum sane Nobis est — Beneficiariis cathedralis templi Signini fascia nigri coloris conceditur

GREGORIUS PP. XVI. · Latin

GREGORIUS PP. XVI.

ad futuram rei memoriam.

Iucundum sane Nobis est peculiaria honoris ornamenta ecclesiasticis deferre viris, ut ii sci- licet templo Dei assidentes sacrosque ritus ob- euntes, eam adhibeant attentionem, modestiam, gravitatem, ut ceteri quotquot adstant fideles, ad pietatem ac religionis cultum mirifice in- flammentur.

Iam vero quum Nobis compertum fuerit beneficiarios templi cathedralis Signini impensius optare, ut aliquo dignitatis insigne decorentur, Nos pro illorum in sui muneris partibus ex- plendis diligentia, nec non pro explorata et cognita erga Nos atque hanc Apostolicam Se- dem observantia, hisce votis libenter censuimus adnuendum.

Quamobrem omnes et singulos, quibus hae literae favent, peculiari honore afficere volentes, et a quibusvis excommunicationis, suspensionis et interdicti aliisque ecclesiasticis censuris, sen- tentiis et poenis quovis modo et quacumque de causa latis, si quas forte incurrerint, huius. tantum rei gratia absolventes et absolutos fore censentes, auctoritate Nostra apostolica, hisce literis, eam facultatem perpetuo valituram concedimus, ut omnes et singuli beneficiarii ca- thedralis templi Signini, quot in praesens exi- stunt, quotque in posterum futuri, in sacris of-

ficiis peragendis fasciam nigri coloris ad latus gestare libere ac licite possint et valeant. Non obstantibus apostolicis, ac in universa-

libus provincialibusque et synodalibus conciliis '

editis generalibus, vel specialibus constitutioni- bus et ordinationibus nec non eiusdem cathe- dralis templi et capituli etiam iuramento con- firmatione apostolica, vel quavis firmitate alia roboratis statutis et consuetudinibus, ceterisque contrarlis quibuscumque.

C. de Propaganda Fide, 1902. Uncorrected, uncollated OCR transcription of the identified constituent. Complete papal body; editorial caption or non-substantive publishing furniture omitted as separately identified in the source review. Uncorrected OCR of the papal text; edition headings, running titles, folios and provenance citations omitted. The dating clause (LF46168–46171) prints “die vigesima secunda martii millesimo octingentesimo quadragesimo quarto, pontificatus Nostri anno decimo quinto” (22 March 1844 would fall in the fourteenth pontifical year; the edition places the act among March 1844 acts); its calendar year and pontifical year disagree under the edition’s own placement, so the normalized date is left unknown rather than inferred (the printed day is 22 March). LF46158 ends with an isolated mark “’” after “conciliis”, retained literally. Revision: 2026-10-28T16:24:27Z.
